

Flying to the Costa De La Luz

Goto www.skyscanner.net and check out regional flights to Seville or Faro. In addition to your nearest regional airport, also consider smaller adjacent ones which are often easy to travel as they make an effort to have good transport connections and cheaper parking. This will increase your options on flight times and dates - if you choose carefully it can be as little as £50 return.

Proximity to the UK and Northern Europe is one of the main reasons to travel here. The area is served by four international airports. Faro airport in neighbouring Portugal is thirty-five minutes' drive from the border (an hour from our property), and delivers passengers on scheduled and charter flights from no less than 25 British airports, many of these on a daily basis (see table on last page for summary of flight

schedules). Seville airport is one and hour 15 minutes away, with flights from London Stansted and Gatwick, Liverpool and Dublin. Gibraltar and Jerez airports are within 3 to 4 hours' drive.

Airport transfers are easy to arrange, but unless in a large group, generally more costly than driving yourself.

UK airport parking can also be sourced online for under £30/week at <http://www.parkbcp.co.uk/> or airport transfer buses are as little as £6 rtn city-airport (eg. Manchester-Liverpool=£6rtn) – Terravision may operate transport transfers to your regional airport: <http://www.terravision.eu> .

Hire a family-sized car when you arrive for **about £10 a day**. Go direct to <http://www.auto-europe.co.uk/booking/car.cfm?aff=AFFFUTURE> or <http://www.farocar.com/index.htm> or search on <http://www.travelsupermarket.com/c/cheap-car-hire/>.

Very best wishes,

Paul.
